

**The Institute of Federal Health Care**  
presents an interactive roundtable for decisionmakers

***Examining Collaborative Efforts  
In STD Screening and Treatment***

Hall of the States Building, Room 333, 444 North Capitol St. NW, Washington, D.C.  
June 27, 2008 8:30 a.m. – 12:30 p.m.

**Moderator: Jonathan Zenilman, MD**  
**Chief, Infectious Diseases Division, Johns Hopkins Bayview Medical Center**

*Sexually transmitted diseases are a major concern in the U.S. population, including personnel in the military. What is the status of current programs for detecting and controlling STD infections? How can the cooperation between the military and civilian communities dealing with STDs be enhanced? What goals and objectives should govern periodic assessment for STDs, and how often should those assessments be made? What more needs to be accomplished?*
